

Provincial Heating & Cooling Inc.

First Two-Time Canadian Recipient of President's Award from Carrier

WINNIPEG, MANITOBA - August, 2016 -

In recognition of its commitment to quality, leadership and excellence in the heating, ventilating and air conditioning (HVAC) industry, Provincial Heating & Cooling Inc. recently received the 2016 President's Award from Carrier at a March 18 ceremony in Huntington Beach, California.

The President's Award is given to Carrier Factory Authorized Dealers who demonstrate technical expertise while serving as leaders for the Carrier brand and raising the standard for equipment sales. The winning dealerships are committed to service excellence and providing exceptional customer care.

Provincial Heating & Cooling Inc. specializes in both residential and commercial HVAC system applications; with a first class team built to aid customers with the service and installation of comfort systems ideal for their homes or businesses. Bolstered by a strong digital footprint and NATE-certification (North American Technical Excellence), proud owners of Provincial; Robert and Tracey Dill, have set a new standard in Canada for delivering premiere quality products coupled with a truly exemplary standard of customer service.

To learn more about Provincial Heating & Cooling Inc. and its heating and cooling products and services, call (204) 339-4328 or visit www.provincialheating.ca

"Robert & Tracey's continual drive to propel Provincial Heating & Cooling to the upper echelon of customer service & quality home comfort provision is truly inspirational. After being bestowed with the 2015 honour as Canada's premiere Carrier President's Award recipient, it has only set their expectations higher than ever. Augmenting their already cutting edge digital footprint this past year served to further enhance the customer experience provided. Being honoured for the second consecutive year is yet another first in Canada. As such, CE Canada is thrilled to have this motivated tandem continue their quest to meet the highest of HVAC standards for years to come."
